

GAMING LABORATORIES INTERNATIONAL'S NEW GLI MOBILE APP NAMED A TOP "BEST PRODUCTIVITY-ENHANCEMENT TECHNOLOGY"

LAS VEGAS (October 17, 2011) – Gaming Laboratories International, LLC, the leading test lab for the casino gaming industry, has been recognized yet again for its technological developments. Now the company's new GLI Mobile® app has been named to the "Best Productivity-Enhancement Technology" list in *Global Gaming Business Magazine's* 10th annual Gaming & Technology Awards.

GLI Mobile is the company's newest addition to its extensive line of exclusive tools for regulators, suppliers and operators. GLI Mobile is an app for mobile phone or tablet that allows GLI clients to take the lab with them anywhere.

GLI Mobile is the fast, easy way for regulators, suppliers and operators to log into GLI's global database, GLIAccess®, at the speed of a download, and in the palm of your hand. GLI Mobile also sends important notifications by email and gives the user real-time tracking and project management.

GLI Mobile was created by a global team of engineers at GLI. GLI's engineers have a proven track record of being on the cutting edge, developing new technologies. The GLI team previously created the company's award-winning GLI Link®, which enables remote testing of devices and systems; and Point.Click.Transfer., which allows suppliers to quickly and easily transfer previously certified products into jurisdictions around the world.

Other GLI exclusive tools include GLI Verify®, a hand-held tool for regulators, used to verify devices and systems on the casino floor; and Ask GLI®, a direct Q&A link to the lab.

The annual awards were determined this year by a panel of judges from across the gaming industry, namely: Claudia Winkler, senior vice president, professional services, NEWave; Rob Russell, gaming analyst, Regulatory Management Counselors, P.C.; Frank Neborsky, vice president of slot operations, Mohegan Sun; Gerhard Burda, president and CEO, ESCAPES Advisory Services; and Lindsay Stewart, vice president of electronic gaming, Sociedade de Jogos de Macau (SJM).

For more than 20 years, Gaming Laboratories International, LLC has been the world leader in providing independent testing, inspection and certification services to the gaming industry. With 18 laboratory locations located across Africa, Asia, Australia, the Caribbean, Europe, North America and South America, GLI is the only global organization of its kind to hold U.S. and international accreditations for compliance with [ISO/IEC 17025](#), 17020 and Guide 65 standards for technical competence in the Gaming industry. GLI offers independent third party evaluation and certification of Gaming technology, devices and systems in addition to providing network and information security assessments.
